## **BLM ANNOUNCES RESOURCE ADVISORY COUNCIL MEETING**

The Bureau of Land Management (BLM) is holding a Northeastern Great Basin Resource Advisory Council (RAC) meeting on February 12, 2004, at the Eureka Opera House Office, 31 South Main, Eureka, Nevada. The meeting will begin at 8:00 a.m.

There will be a panel presentation and discussion on water quality, proper functioning condition, and riparian issues. Following the panel presentation and discussion, there will be discussion of BLM policy and procedure for those issues. Other topics to be discussed at the meeting include the RAC Standards and Guidelines document and a Mining Update,

The Federal Land Policy and Management Act directs the Secretary of the Interior to involve the public in planning and discussion of issues related to management of BLM administered public lands. The three Resource Advisory Councils in Nevada accommodate this community participation directive. The Councils' membership represents interests in mining, environmental, wild horse and burro, Native American, livestock, state agencies, and elected officials.

The RAC provides advice and recommendations to the BLM on land use planning and management of the public lands. Meetings are open to the public and public comment periods are included in each meeting. This forum provides an excellent opportunity for people to ask questions of the citizen-based advisory council or to make comments that may assist RACs in their planning efforts. The public comment period will begin at 10:00 a.m. on February 12<sup>th</sup>.

For more information about the RAC meeting, contact Mike Brown at the BLM Elko Field Office, (775) 753-0386.
